PROFESSIONAL EXPERIENCE:

Infosys Limited

Frontend Developer | 04 April, 2022 - Present

In the role of Frontend developer at Infosys Limited, a commitment to delivering high-quality web solutions is paramount. Engaging in all aspects of the development process, from initial design to final implementation, ensures that user experience remains at the forefront. The focus is on leveraging modern technologies to create dynamic and responsive applications that meet client specifications.

- Utilized HTML, CSS to build responsive layouts that enhance user engagement.
- Integrated JavaScript and REACT to develop interactive components, improving functionality.
- Collaborated with cross-functional teams to create seamless user experiences.
- Implemented Redux for state management, optimizing application performance.
- Maintained and updated codebases using Git, ensuring version control and collaboration efficiency
